### And What Have You

By BOB CRAIG

With all the excitement of having our Pied Pipers in the State Football Playoffs it may be a little hard for many of us to stop and give the spiritual thought to Thanksgiving that this season deserves.

But we do need to recognize that we do indeed have much to be thankful for.

We ran across the following prayer that seems very adequate for the occasion:

"Let us lift our hearts in prayer on this Thanksgiving Day...for the bountiful harvests that have blessed this land since that first Thanksgiving...for the kind of government that guarantees us the right of life, liberty and the pursuit of happiness...for the freedom to worship in whatever way we please...for the progress we have made in all areas by working together...for the educational opportunities that are available to all...for these and all the many other blessings we enjoy, let us give thanks to the Lord!"

Our congratulations to the Pied Pipers for winning the District 6-AA Championship. We join everyone in Hamlin in wishing them the very best in their Bi-District game with Cooper Friday night.

We don't know of a more deserving bunch of youngsters then these. They have come from the despair of defeat to the lofty heights of victory through a lot of hard work and determination.

We would also like to extend this congratulations to the coaching staff and wish them the very best this week. We have never seen a bunch of men work any harder than Coach David Bonds and his staff have worked this year. As a taxpayer, we are glad these men don't get paid by the hour because the overtime would break the school system.

As everybody probably knows by now, this is the first time since 1940 that Hamlin has won the District Championship outright and also the first time a Hamlin team has been undefeated in district play since then.

We checked back in the old files on the 1940 team and there are a number of players on that team that are still making their home here in Hamlin.

The team was defeated in their Bi-District game with Chillicothe, 25-6. The game was played in Hamlin and Chillicothe fans came to the game in a special train composed of a baggage car and three coaches.

The Hamlin team was coached by Marcus Smith and Melvin Grigg. Starting for the Pipers were W. A. Brown, LE; Jack Ellison, LT; Lofton Brown, LG; R. M. Petty, C; Bobby Barrow, RG; Garland Benham, RT; Dub Wilemon, RE; Sam Ferguson, LH; Alvin Johnson, RH; Bill Harbert.

## Statistics Show Pipers Now Well Balanced Team

The old adage that defense wins ball games can easily be proven by a look at the Pied Piper statistics for the season.

The Pipers, who turned a losing season into a winning season midway in the year, captured the District 6-AA Championship and a berth in the State Playoffs.

A look at the statistics for the year on the Pipers will reveal that the team is now well

balanced between its defensive and offensive abilities. But to do this you have to divide the season into two halves.

During the first half of the season the Pipers gave up 152 points while scoring only 60. And in those first five games the Pipers rushed for only 629 yards while giving up 1331 yards, but they did lead in passing 358 to 162.

But during the second half of

the season the Pipers outscored their opponents 121 to 18 and have not given up a touchdown in the past 14 quarters of play. They have rushed for 1330 yards against district opponents while giving up only 663 yards. In the passing department the Pipers have only thrown 30 times against district opponents, completed 12 for 211 yards.

District opponents have passed 72 times against the

Pipers, completing 22 for 266 yards, but the Pipers have intercepted eight, turning two into touchdowns.

During the five district games the Pipers have averaged 6.4 yards per carry while their opponents have averaged only 2.5. In total offense the Pipers have upped that average to 6.5 for 1541 yards while their opponents average is 3.1 for 929 yards.

For the full season the Pipers have scored 181 points while giving up 170 and have rushed 3.9 average. In total offense the Pipers have 2528 yards for a 5.4 average and their opponents have 2422 yards for a 3.9 average.

The coming of age of the Piper line has been a big factor in the sensational running of the Piper's Johnny Jones who has carried the ball 127 times this season for 1192 yards. This is borne out by the fact that his average has jumped from 5.1 during the first five games to 14.4 during the last five. His season average is 9.4.

He has scored 78 points in district and 108 during the season. Johnny's career total is 152 points and he has carried the ball 228 times in 18 games for 1886 yards for an 8.3 average.

Running at fullback, Albert McAfee has an impressive 4.1 average in district play with 270 yards in 66 carries. His season total is 112 carries for 450 yards

of the playoffs and meet the winner of the Coahoma-Alpine game to be played Friday night in Monahans.

A strong defensive ball club, the Pirates have given up only 41 points during the regular season while scoring 203. They finished their district with a 5-1 record, having lost to Tahoka, 18-7. Tahoka and Denver City each finished their district race with 4-2 records to give the Pirates the title.

The Pirates scored 110 points in their four non-conference games while giving up only 20 points and scored 93 points against their six district opponents while giving up only 21.

Cooper defeated Plains 20-6, Springlake-Earth 6-0, Spur 49-0

and Crosbyton 35-14 in non-conference. In district they won over Post 27-0, Denver City 6-3, Roosevelt 16-0, Slaton 17-0, Frenship 20-0, and lost to Tahoka 18-7.

Coach David Bonds told the members of the Hamlin Booster Club Monday night that he expects to have all his players in good shape for the contest. He said that Cooper has a real good team with good size and they are quick.

Scouting reports indicate that the two big threats in the Pirate backfield are the quarterback and the fullback. Bobby Caudle, 160 pound signal caller, is rated as a very good running quarterback. At fullback is Kevin Jones, a 180 pounder who is rated in the class with Ballinger's John Slaughter.

Running in the backfield with these two is Danny Newman, 145 pounds, at tailback; and Todd Hammond, 166 pounds, at halfback.

In the line will be Junior Martinez, 140 pounds at split end; Leslie Riggins, 195 pounds at left tackle; Ronnie Jones, 190 pounds at left guard; Eddie Ward, 165 pounds at center; Lance Hlavaty, 160 pounds at right guard; Kelly Vinson, 210 pounds at right tackle; and Dan Dawson, 160 pounds at tight end.

The Pirates make five changes when they go on defense with Hlavaty and Ward at the ends, Johnny Threet, 180 pounds, and Buddy Cooper, 190 pounds, at the tackles; and Martin Aleman, 145 pounds, at nose guard. Jones and Hammond are the middle linebackers and Larry Boucher, 145 pounds, and Bermea, 160 pounds, are the corner backs. The two defensive halfbacks are Caudle and Martinez.

## ANOTHER SHUTOUT—

# Pipers Capture District Title With Anson Win

The Pied Pipers used their tough goal line defense and their explosive offense to down the Anson Tigers here Friday night, 28-0. The win gave the Pipers their first District Championship since 1940. The Pipers will be making their first trip to the State Playoffs since 1961 when the Pipers were co-champions with Anson.

Running behind blocking that just seemed to wipe out the whole side of the Tiger defense, Johnny Jones only carried the ball nine times in the game. But this was good for three touchdowns and 178 yards. Bill Cork scored the other Piper touchdown on a long pass from Milton Jones with the play good for 50 yards.

The Pipers opened the game by kicking off to the Tigers and holding them to six yards in three plays with the Tigers punting out to the Hamlin 37. Fullback Albert McAfee hit into the line twice for a three-yard gain and then Milton connected with Cork for a 23-yard gain to the Anson 37. Johnny swept around his left end and raced the 37 yards to the goal line for the score. Steve McKissack kicked the extra point.

The Tigers took the kickoff and returned it to their own 18 and started the first of two threatening drives of the night. The Tigers used six plays to get to the Hamlin 21. A two-yard gain and a five-yard penalty put the Tigers back on the 24. On fourth down the Tigers picked up a first down at the Piper 12 on a pass interference call. The Tigers moved down to the seven-yard line but then lost 12 yards, picked up nine and then lost 14 more on fourth down.

Taking over on their own 24 it took the Pipers only six plays to get on the scoreboard again. McAfee picked up three yards and then Johnny ripped off 24 more for a first down on the Anson 49. McAfee added two more yards, Johnny picked up seven and then was stopped for

no gain. Facing fourth and one at the 40, the Pipers called on Johnny again to sweep the left end. He picked up the needed yard and added 39 more for the score. McKissack kicked the point after.

The Tigers returned the kickoff to their own 37 and then moved to the Piper 14 in seven plays, but then had a bad pitch recovered by Milton back on the Hamlin 23.

The two teams exchanged punts with Hamlin taking over again on their own 48. A five-yard penalty put the ball back on the 43. McAfee plowed his way for 10 yards and then Johnny rolled around his left end again and raced 47 yards for his third and final score of the night. Again McKissack added the point after.

The Pipers went in at half-time with a 21-0 lead.

David Willis returned the kickoff back to the Hamlin 42 to open the second half. Milton bootlegged 34 yards to the 24 and then the Pipers picked up another first down at the Anson 9 on runs by Willie Hooper, McAfee and Johnny. But a fumble killed the drive with the Tigers taking over on the 10.

The Tigers moved out to the 27 before punting with Alfred McAfee blocking the kick and recovering the ball at the Anson 11. A 15-yard penalty moved the ball back to the 23. Failing to keep the drive alive the Pipers called on Willis to try a 35-yard field goal, but it was short.

Taking over on the 20, the Tigers moved out to the 30 before punting again.

The Pipers took over on their own 36 and sent McAfee into the line for nine and then nine more, but the second play was called back and the Pipers were penalized back to the 40. McAfee carried to the 44 and then Johnny picked up a first down at midfield. Milton missed Cork on a short pass and then connected with him at the five with Cork going on in for the score. McKissack added one more point to the total, making it Hamlin 28 and Anson 0 as the third quarter ended.

The Piper second unit took over in the final period and neither team could generate a scoring threat until the final minutes of the game when the Pipers took over on their own 28 and moved to the Anson 33 on the running of Hooper, Johnny

Cork, Larry Mayes and L. J. Lee. But a 15-yard penalty moved the ball back to the 47 and the Pipers just ran out the clock.

Second on the general list for the ninth week is *The Peter Prescription* by Peter.

Two books of fiction are Jonathan Livingston Seagull by Bach, first, and on the list for 23 weeks, and *The Winds of War* by Wouk, third and on the list for 46 weeks.

The library will be closed Wednesday through Friday for the Thanksgiving holidays.

FROM THE FILES . . .

FORTY-THREE YEARS AGO  
(November 22, 1929)

Wednesday afternoon of this week marked a new day between Stamford and Anson, when the beautiful strip of concrete road opened in a big celebration, five miles north of Anson.

Monday, Highway Engineer Puckett, called at the Herald Office to inform us that the Hamlin-Anson Highway, State Highway No. 4, is now open for traffic. However Mr. Puckett said that there was one gap at the Dry Calli Creek that was not quite ready but that there was a good detour for a mile or so after which the road is in fine shape, all the way to Anson.

The Lion's Club met Tuesday at noon in their permanent banquet room at the Model Hotel. The program was in accord with Red Cross month, and the banquet room was beautifully decorated for the occasion.

Hamlin and Anson closed the afternoon of rejoicing with one of the best football games of the season. It is enough to say here that the tussle ended in a tie seven to seven.

TWENTY YEARS AGO  
(November 21, 1952)

Change jars were distributed to most Hamlin business firms last week by members of the Hamlin Volunteer Fire Department in which will be deposited funds that will be used to purchase Christmas cheer packages. Funds collected in the jars will be supplemented by money from the group treasury.

Cotton ginnings in Jones County are running about one-ninth of what they were this time a year ago. According to the official census report by Bowen Pope, special agent, census shows that 1,684 bales of cotton were ginned in Jones County from the crop of 1952 prior to November 1, as compared with 13,534 bales for the crop of 1951.

Annual community Thanksgiving service for Hamlin will be conducted Wednesday evening, November 26, at the First Methodist Church at 7:30 o'clock, it was announced this week by ministers of the city.

Stadium and field improvement bonds issued in 1949 and 1950 for the erection of the new stadium for Hamlin High School were to be redeemed on and after November 20, announced Superintendent I. R. Huchingson. These bonds were issued by Hamlin High School athletic department in \$25 denominations. One hundred and thirty-three bonds were issued.

TEN YEARS AGO  
(November 21, 1962)

Members of the Pied Piper Booster

Club have challenged the Hamlin Coaching staff to a basketball game Saturday night in the High School Gymnasium at 7:30 p.m. An admission charge of 50 cents and 25 cents will be charged for the event with the proceeds to help underwrite the activities of the organization.

Mr. and Mrs. Art Carter, owners of Carter's Dairy Cream on West Lake Drive, have announced that they will be closed through Friday, November 23. Carter said the business was closed Monday and repairs to the building were started.

Thanksgiving will be observed here Thursday when the majority of the business houses close for the special day. School will be dismissed Wednesday afternoon and will be resumed with regular classes Monday morning.

The Cub Scouts met for regular pack meeting in the primary cafeteria Monday evening. The group had planned a weiner roast at West Lake using the Boy Scout cabin. The meeting had to be changed after the scout leaders went to the lake to prepare the cabin and found that the cabin had been wrecked. The door, which always remains unlocked, was broken in and the windows were all broken.

Reserves were Earl Smith, Don Coles, G. W. Turner, Everett Ellison, Carrol Norman, Tommy Hill, Dean Witt, and Gean Witt.

In winning district in 1940 the Pipers defeated Baird 13-7, Rule 32-0, Stamford 13-6, Haskell 37-0, Munday 20-0, Albany 20-0, and Anson 6-0.

The following paragraph was taken from the pre-game story in the Herald: "Every preparation is being made for comfort during the game. A large number of extra seats have been set up. To be sure of comfort, one should bring a blanket or pillow to sit on, and full length, wool sox would look good and keep goose bumps from forming."

The two teams battled to a scoreless first half and Hamlin scored first in the second half before the size of the Chillicothe team just wore them out. In commenting on the size of the Chillicothe team the next week the paper said, "... why that bunch of Chillicothe boys would have made the A&M team or the State University Longhorns look like puny little mites."

Neinda Philosopher Thinks He Has  
A Way to Get Country Out of Debt

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One gets into international finance and maybe over his head this week.

Dear editor:  
Now that the election is over by a landslide (the day after it was over an intellectual-type neighbor of mine went into town and told his barber "Give me a haircut quick that'll make me look like a Republican") we can get down to normal discussions, and I got interested in an article I read on the celebrated grain deal with Russia, which I can discuss objectively as I don't grow any grain. I lose money on cotton.

According to it, while it's true the Russians, caught without enough grain to feed themselves, bought one billion dollars worth from us, they borrowed half the purchase price, 500 million dollars, from us to buy it with. At the same time, seeing as how they still owed us two billion dollars for material we let them have during World War II, they agreed to settle that debt, I guess to keep their credit rating up, and the terms we agreed on

were seven cents on the dollar, to be paid back before the year 2,000.

I have been thinking this over.

Social Security  
Has Consumers'  
Publication List

"Consumer Product Information," a booklet that lists Government publications of interest to consumers, is available at social security offices.

The booklet is an index of 175 Federal publications about appliances, automobiles, food, clothing, health care, housing, child care, family budgets, social security, and other subjects of interest to consumers.

The index is brought up to date every 3 months by the Consumer Product Coordinating Center of the U.S. General Services Administration.

Single copies of "Consumer Product Information" are available free to people who visit social security offices, according to social security officials here.

sort of letting it sink in, and have come to two conclusions: (1) American farmers unquestionably can out-produce Russian farmers and (2) Russian financiers unquestionably can out-think American financiers.

I'll tell you, if I could just locate a banker that operates on the international level there's no telling how far I could expand my operations. If he'd lend me say \$50,000 and then 25 years later come around, clear his throat, and say the note really ought to be settled and how about paying it off at seven cents on the dollar some time in the next 25 years, and in order not to offend me how about another loan of \$10,000 to buy groceries with, I'd say that's the banker I've been looking for all my life.

You know, as I understand it, practically every unit of government in this country and everywhere one on earth is in debt, along with millions of private citizens, and I was just thinking, why don't we all settle for seven cents on the dollar and get everybody out of debt and back on his feet?

Yours faithfully,  
J. A.

LAND OF PLENTY

★ THANKSGIVING FOR . . .

- PROSPEROUS NATION
- FOOD
- A STRONG NATION
- FREEDOM OF WORSHIP

Pages could be filled with ways that God has blessed us, and we should be continually thankful for God's goodness. At this time, however, we should pause from our daily workday habits and in unison, give special thanks to God, that we still have freedom of worship.

Attend church this Thanksgiving weekend

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## STATE CAPITAL Highlights AND Sidelights

by Bill Boykin  
TEXAS PRESS ASSOCIATION

**AUSTIN** — A total revision of the finance system for Texas public schools will be reviewed by the State Board of Education at a special meeting December 9.

The plan, which would hand to the state over a six-year period the entire cost of the basic public school program, was submitted by a board public school finance committee November 11.

A three-judge federal court last December in San Antonio held unconstitutional the present school finance formulas which are based heavily on local property taxes. The decision, now on appeal to the U. S. Supreme Court, concluded the system provides educational advantages for pupils in rich districts over those in poor districts.

Under the five-member finance panel's recommendations, the state would assume the "comprehensive foundation school program" cost completely from state taxes by 1978-1979. Local share of the current foundation school program is about 20 percent.

Local taxes after 1978-1979 would be relied on only for building and equipping schools and for "enrichment" (expansion beyond the state

## Bids Let On FM Highway

Four bids were received by the Texas Highway Department in Austin on Nov. 16, 1972, for 5.1 miles of construction work on F. M. Highway 2834 in Jones County. J. H. Strain Strain & Sons, Inc. of Tye was the low bidder with \$188,849.71.

The construction work will consist of grading, structures, base, and asphalt surfacing. This project begins at the intersection of F. M. 1835 approximately 6 miles northeast of Hamlin and extends 5.1 miles east to the end of the existing pavement.

Work is expected to begin in mid-December and is to be completed in 100 working days under the supervision of Nelson Shave, Supervising Resident Engineer of Hamlin.

## Rep.-Elect Martin Attends Legislative Orientation

State Representative Elect Elmer Martin got first hand experience at learning how Texas government operates during his attendance at a "Legislative Orientation" held in Austin, November 13-15.

Martin was among a large group of newly-elected State Representative to hear from some of Texas' highest office holders and heads of state agencies and commissions as well as to gain insight from veteran legislators with many years of experience around the Capitol.

The orientation is designed to acquaint new legislators with the workings and capabilities of the many state agencies and to familiarize them with the inner workings and procedures under which the House of Representative operates.

Secretary of State Bob Bullock, Comptroller of Public Accounts Robert Calvert, Land Commissioner Bob Armstrong, House Speaker Rayford Price and Lt. Governor Ben Barnes gave briefings on state government.

Representatives of the Departments of Public Safety, Consumer Credit, Mental Health-Mental Retardation, Public Welfare, Texas Education Agency, Parks and Wildlife, Health and Higher Education explained the functions and duties of their offices.

State Insurance Board Member Durwood Manford briefed the new members on auto and home insurance rate setting procedures and answered questions about no-fault and competitive rating systems of insurance.

Tom Keel, head of the Legislative Budget Board, told how his office functioned in working up the budget required to operate programs and of

fices.

Martin, who headed the Commissioners Court in Mitchell County for 12 years, said the orientation was a fine opportunity to meet with many of the 77 new State Representatives from across Texas who will formally take office in January, 1973.

"The knowledge gained during these three days will help in knowing our way around the Capitol before going into a busy legislative calendar that will include such problems as financing of public school education, insurance and consumer law reform and revision of the Texas Constitution," Martin said.

"I intend to give our district conscientious and honest representation in Austin and encourage the citizens of Fisher, Jones, Mitchell, Nolan and Taylor counties to make their feelings known to me on the problems facing Texas," he said.

"My door will always be open in Austin and in the district to hear from each constituent," he said.
